Meaning of Life Life after Death Symbols Spiritual Living Sacred Scriptures Angels Divine Nature

## Welcome

There is a universal spirituality, which can be expressed in many varied ways, but this site specifically uses the insights of Emanuel Swedenborg to explain the meaning of our lives. These insights add to the ancient wisdom of the world and are in harmony with many spiritual teachings and philosophies of the new age.

### Spiritual Principles

- There is a Divine Creative Source whose essence is unconditional Love and Wisdom.
- This Divine Source shows itself through humanity as universal Spirit.
- The human mind can be perceived symbolically in the world of Nature.
